95 gallons

USED COOKING OIL CONTAINER

SPECIFICATIONS

Model:

95 Gallons

Optional Casters:

3" POLY CASTERS

Dimensions:

20" W x 44" D x 31" H

Lid Dimensions

21" x 21" Pull up top and sliding Grate system.

Capacity:

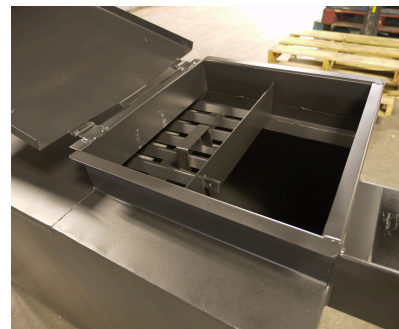

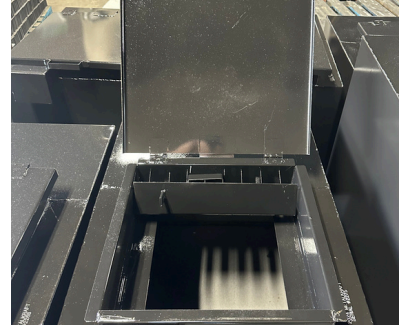

~95 Gallons

U-Heating Pipe**Steel Gauges**

14 and 12

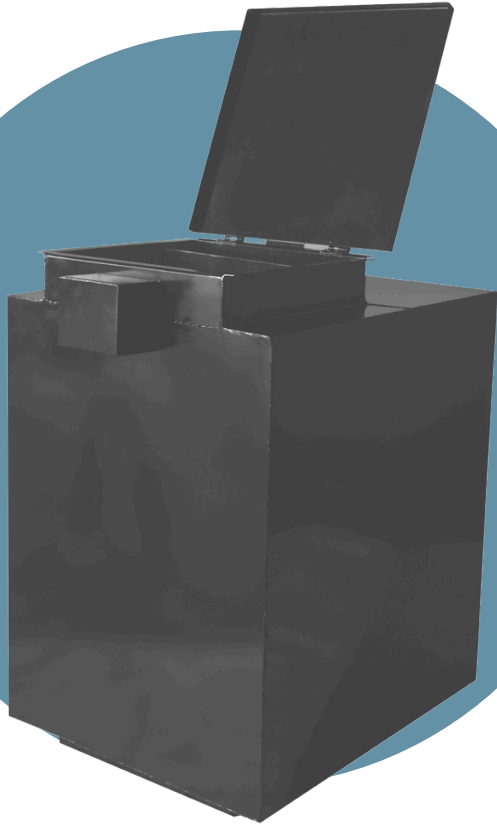

Weight

130 lb

Features

The 95-gallon container, built with 14 and 12 gauge steel, provides durability and compact storage. Its 21" x 21" pull-up lid allows easy access, while the sliding grate system helps prevent spills. Optional 3" poly casters offer smooth mobility, and at just 130 pounds, it is lightweight yet strong, making it ideal for smaller-scale oil storage needs.

140 Gallons

USED COOKING OIL CONTAINER

SPECIFICATIONS

Model:
140 Gallons

Dimensions:
27" W x 33" D x 42.5"
H

Capacity:
~140 Gallons

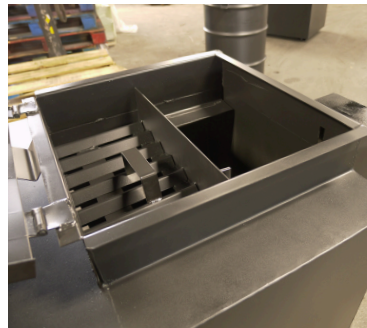

Steel Gauges
14 and 12

Optional Casters:
6x2 Heavy Duty
Polyolefin Swivel
Caster

U-Heating Pipe

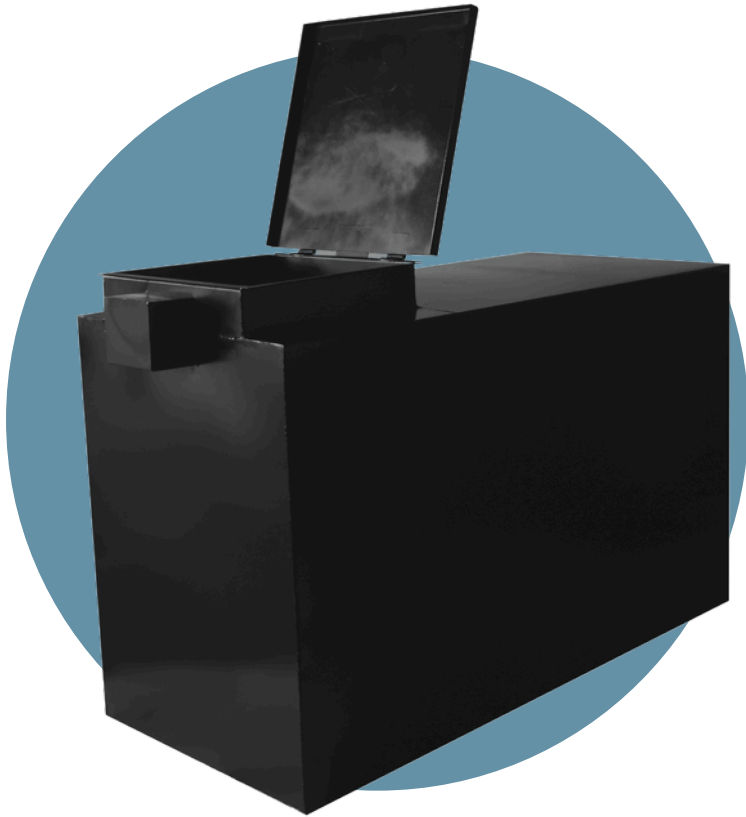

Lid Dimensions
21" x 21" Pull up top
and sliding Grate
system.

Weight
175lb

Features

The 140-gallon container, made with 14 and 12 gauge steel, provides a durable solution for mid-sized oil storage. Its 21" x 21" pull-up lid with a sliding grate system ensures easy access. Optional heavy-duty swivel casters offer mobility, while the 265-pound weight ensures stability.

250 Gallons

USED COOKING OIL CONTAINER

SPECIFICATIONS

Model:

250 Gallons

Dimensions:

27" W x 60" D x 42.5" H

Capacity:

~240 Gallons

Steel Gauges

14 and 12

Optional Casters:

6x2 Heavy Duty
Polyolefin Swivel
Caster

U-Heating Pipe**Lid Dimensions**

21" x 21" Pull up top and
sliding Grate system.

Weight

265lb

Features

The 250-gallon container, made from durable 12 and 14 gauge steel, offers easy oil disposal with its large opening and spill-preventing hinged lid. It includes a hidden lock for security, optional swivel casters for mobility, and legs to prevent corrosion for non-caster models, ensuring long-term reliability.

55 gallons

USED COOKING OIL CONTAINER

SPECIFICATIONS

Model:
55 Gallons

Capacity:
~55 Gallons

Steel Drum

Anti Theft Lid:
Heavy Duty
Secured Steel
Drum.

Features

The 55-gallon container features a heavy-duty steel drum designed for durability. Its secure anti-theft lid ensures protection, making it an ideal solution for small-scale oil storage with added security.

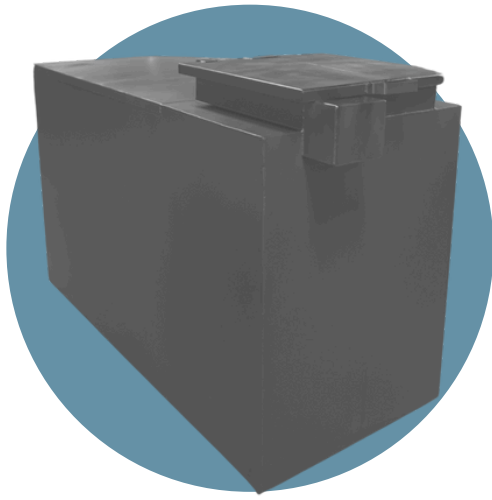

Indoor/Outdoor System

AUTOMATED SYSTEMS UCO

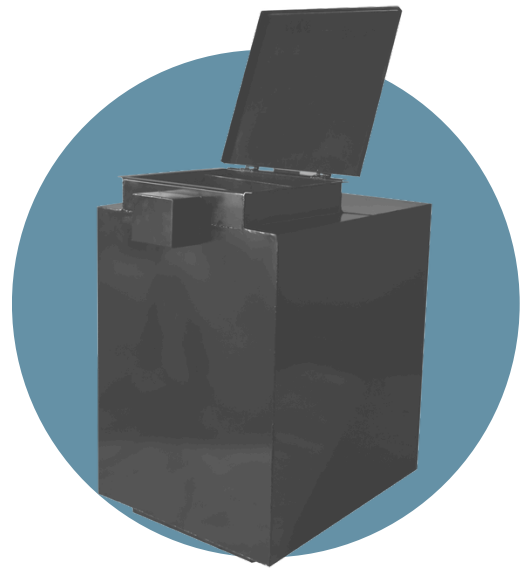

Features

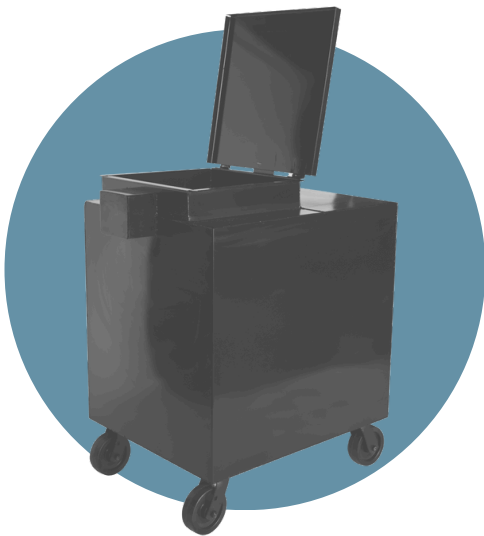

What sets this container apart is its automated pumping system, which streamlines the process of pumping out used cooking oil with minimal manual intervention. This advanced system not only saves time but also reduces the risk of spills and accidents, promoting a safer and more hygienic workplace. The seamless integration of automation with the container's sturdy construction ensures that your oil disposal needs are met efficiently and reliably.
